SLOCOMBE'S FAMOUS DAHLIAS

—FOR—

1920

FROM

Slocombe's Dahlia Gardens

DAHLIA SPECIALISTS

555 Townsend Ave., New Haven, Conn.

Foreword

—o—

IN MEMORY OF

JOHN H. SLOCOMBE

Born June 28, 1844

Died January 11, 1919

—o—

In writing a Foreword to my father's customers I feel that I am writing to his friends—for his customers of long standing always became his friends. At the time of his death it was gratifying to his family to receive many letters from customers who had never met him, but who wrote to us to say that as a result of their dealings with him, and of his letters to them, they felt that they knew him and they esteemed him highly for his integrity of character as well as for his remarkable success in originating Dahlias.

* * * *

My father was not merely a grower and originator of flowers. He was, even more, a lover of flowers. The beautiful Dahlias which he developed were expressions of his own thoughts. He was a man of a deeply religious nature and in cultivating his flowers he believed himself to be—what he surely was—a fellow-worker with the Spirit of Beauty, Goodness and Progress which is at the heart of the universe.

His tireless energy, his self-sacrificing devotion, his unfailing enthusiasm, were an inspiration to all who knew him.

He left the world better for his presence, and more beautiful. His seedling Dahlias, which have won prizes over the best imported and American varieties wherever exhibited will not soon be surpassed.

They are a living memorial to his love, skill and optimism.

Having assisted my father in the cultivating of his Dahlias for some years, I have carried on this part of his business since his death and shall continue to do so.

The novelties in this year's catalogue are Dahlias which we did not have sufficient stock to offer them for sale. Some of them, as well as the older ones, were given **FIRST PRIZE** awards at the recent New York Show.

EMILY SLOCOMBE

A Word of Appreciation

It gives us great pleasure to submit, again, to Dahlia lovers our list of novelties and varieties of our own raising, all of which have been tested out and have come up to the requirements of our ideal of a Dahlia, and in so doing we wish to thank all of our customers for their past favors and many flattering letters of appreciation regarding our new creations.

We are pleased to list some new novelties again this year, which we have every confidence in offering to our customers.

The stock of some novelties is rather limited so we would suggest early orders on these, when our stock of tubers is exhausted we will supply green plants while they last.

During past seasons we were awarded numerous prizes, most noteworthy of these being **three first prizes** won at the New York Dahlia show in the Classes for 50, 25 and 10 Dahlias, any or all types. **We won these with varieties of our own introduction in strong competition against the best imported and American varieties**, an achievement that no other Dahlia grower in the Country can claim. Surely this is proof positive of the quality of our creations in Dahlias.

A cordial invitation is extended to all Dahlia lovers during the blooming season, especially during the latter part of September and early October. Our Dahlia Gardens are located on Townsend Avenue, opposite Fort Hale Road. Visitors wishing to come by the electric cars should take a Lighthouse car and get off at Fort Hale Road, and walk one block east; those coming by automobile, take the Townsend Avenue road leading to Morris Cove.

To anyone wishing to see flowers of any special varieties listed we will be pleased to send these by Parcel Post special delivery at the nominal cost of \$1 per dozen.

Suggestions to Customers

ORDER EARLY. By ordering early we can reserve your stock and ship when wanted. By so doing you will avoid the disappointment of not getting what you want.

CASH WITH ORDER. Please send money with the order sufficient to cover the whole bill. We do not make shipments C. O. D. unless remittance has been made on account to guarantee acceptance.

REMITTANCES should be made by post-office money orders or drafts.

FORWARDING. All bulbs are sent by Parcel Post unless otherwise stated. Please add 3 cents on the price of each bulb for postage. We do not guarantee safe delivery of any shipment, but, if you wish shipment insured we will insure it at your expense at the following rates, plus regular postage: Value up to \$5, 3c; value up to \$25, 5c; value up to \$50, 10c; value up to \$100, 25c.

NON-WARRANTY. We endeavor to keep varieties true to name, but do not guarantee this, nor do we guarantee the success of the grower purchasing plants or bulbs. If purchaser does not accept the goods on these terms, they are at once to be returned.

A FEW HINTS ON DAHLIA CULTURE.

Soil—Not too rich, or plants will all go to foliage.

Planting—Always plant tubers flat, 4 in. deep, having ground well dug and loosened about 15 in. deep (or more). Plant 3 or 4 feet apart, in an open sunny place. Do not stand tubers on end, the size of which makes no difference, as long as it has one strong eye, or sprout.

Watering—Plants must be liberally watered during dry weather.

Cultivating—Keep ground loose and free from weeds, and nip off the first buds, as they are usually imperfect.

Fertilizing—Use well rotted barnyard manure, well mixed in each hill, (also leaves, grass clippings, etc.) As soon as plant is large enough, cut off the top of it just above the second or third set of leaves, which causes the plant to grow a stout branch at the base of each of the four or six leaves left.

THE SLOCOMBE FAMILY

ORIGINATED BY JOHN H. SLOCOMBE

Without doubt the finest set of Dahlias originated and sent out by any firm in the Country. Every one a superior Dahlia in its respective type and color, and all most useful either for garden decoration or exhibition.

Annie Slocombe (Paeony). A pleasing combination of soft amber yellow overcast with bronze, the back of the petals distinctly marked red, which makes this variety unusually attractive, very free flowering and a strong grower\$1.00

Beatrice Slocombe (Decorative). A fine built flower, very free flowering which makes this an ideal garden variety, the ground color is a warm shade of red edged with old gold shading to old rose pink. A most unique and attractive color combination, very fine. Awarded a Certificate of Merit 1.00

Charity Slocombe (Decorative). This is unquestionably the finest white decorative Dahlia grown. Beautiful glistening pure white flowers freely produced and carried on long stiff stems measuring eight inches and more across, not at all coarse, the petals beautifully curled and twisted, giving the flower a very refined appearance 2.00

Edith Slocombe (Hybrid Cactus) Novelty 1920. A true hybrid Cactus, finely formed flowers carried on long wiry stems of a wonderful shade of rich purplish-garnet, shaded velvet-maroon, a most striking flower, the twisted and curled petals showing the beautiful combination of color makes this an unusually attractive variety. This new Dahlia, when exhibited at the New York show, was greatly admired and very highly commented on.\$10.00

Elizabeth Slocombe (52 Red). A most effective variety, carried on long stiff stems, well above the foliage, a vigorous grower and very free flowering; the flowers of splendid form are of a rich purplish-garnet in opening, but fade to an exquisite garnet when they mature. An ideal variety for exhibition\$5.00

Emma Slocombe Improved (Decorative). One of the best white paeony flowered Dahlias, very large and free flowering, has won many prizes for white Decorative Dahlia 5.00

- Faith Slocombe (Decorative)**, No. 16, Novelty 1920. Fine large flower, of a most exquisite shade of old gold overlaid with bronze and delicately tinted with red and gold; an unusually attractive variety 5.00
- Graydon Slocombe (Hybrid Cactus)** Novelty 1920. This is one of the finest Dahlias we have ever offered. Flowers of medium size, very freely produced on unusually long stiff stems of a most unique combination of salmon-rose delicately tinted and overlaid with apricot, shading to yellow towards the center, a combination of color difficult to describe. This novelty was greatly admired and highly commented on at the New York Dahlia show\$10.00
- Herbert Slocombe (Hybrid Cactus)** Novelty 1920. Large flower, lilac pink changing to a soft lilac towards the center. Good grower and very free flowering; an ideal variety for exhibition or garden decoration 5.00
- Jean Slocombe.** A hybrid Cactus of a most exquisite shade of soft mauve-pink, a fine large full flower, the petals beautifully curled and twisted makes this a most attractive variety ;one of the finest pink Dahlias in its class. Very much admired by all visitors last year10.00
- John H. Slocombe (Decorative).** A gorgeous flower of an intense deep red, suffused with a beautiful velvety sheen. The petals prettily curled and twisted make this a most attractive variety. The flowers freely produced on unusually long stiff stems, while measuring eight to nine inches in diameter are not at all coarse. Without doubt the finest red variety yet introduced 2.00
- Lorna Slocombe.** An immense paeony-flowered variety, of an unusual shade of orange beautifully blended with apricot shadings, very distinct and free flowering. Everyone who saw this variety at the New York Dahlia show admired it and was loud in his praises at seeing such an unusual and wonderful flower10.00
- Louise Slocombe.** Fine large flower of a beautiful shade of mauve, the curled and twisted petals prettily tipped silvery-pink, a most useful variety, either for garden decoration or exhibition 2.00
- Mary Slocombe.** A variety of an unusual shade, entirely new in Dahlias. The flowers, when they first open, show a beautiful yellow ground overlaid with bronze and faintly splashed with red. When fully matured the bronze and red predominate. Very large and free. A most attractive and distinct variety 3.00

- Mabel Fownes Slocombe (Decorative).** A unique novelty. In sending out this variety we are offering Dahlia lovers something entirely new and distinct in color combinations. The ground color is a warm shade of red overlaid with an exquisite shade of burnt orange, the center petals radiating from red to burnt orange and distinctly tipped, giving the entire flower a glow and softness of color which is difficult to describe. The flowers freely produced on long erect stems make this variety ideal for cut flowers 5.00
- Mildred Slocombe (Decorative).** The pink decorative par excellence, either for garden exhibition or cut flowers. An exquisite shade of mauve pink with a beautiful silvery sheen, the flowers freely produced and carried on long stiff stems.\$1.00
- Mrs. E. M. Slocombe (214) (Decorative).** An ideal variety either for cut flowers or garden decoration. A pretty shade of rosy pink shading to a deeper pink towards the center. The flowers carried on unusually stiff stems, always well above the foliage 5.00
- Mrs. J. H. Slocombe (Decorative).** A soft shade of coral red, fine full flower, very free flowering, this is an ideal variety for garden decoration 1.00
- Mrs. Nathaniel Slocombe (Decorative).** A beautiful deep yellow, of fine form and exceptionally free flowering; the flowers carried on long stiff stems make this variety invaluable for cutting. Has been awarded many prizes 1.00
- Nellie Slocombe (Cactus).** Pale Persian lilac-pink, a beautiful cut flower produced in the greatest profusion, very much in demand for making up75
- Rev. Edwin M. Slocombe (Decorative).** A beautiful shade of deep sulphur yellow. The ideal yellow Decorative Dahlia, its flowers though unusually large measuring eight and nine inches in diameter, are not at all coarse, but are rather refined, owing to the peculiar arrangement of the petals. A splendid grower and very free 2.00
- Ruth Slocombe (Paeony).** A most beautiful flower, well formed. Golden salmon, the entire flower suffused with a beautiful shade of pale amber and coral pink. A most unique color combination and a most abundant bloomer 1.00
- Slocombe's Favorite (Paeony).** Orange and red distinctly pencilled with yellow, the flowers carried on unusually long and stiff stems makes this a most useful variety for cut flowers; has been very much admired by all visitors this past season 2.00
- Slocombe's Pink (Decorative).** An ideal cut flower of an attractive shade of soft rose pink, very free flowering. An ideal comparison to **Slocombe's Red and White** 2.00

- Slocombe's Red (Decorative)** Novelty 1919. An ideal variety of a most intense velvety red, fine large full flowers, freely produced and carried on erect stems, a splendid companion to **Slocombe's White** 2.00
- Slocombe's White (Hybrid Show).** Without doubt the finest white Dahlia in its class, an exceptionally strong grower, the large pure glistening white flowers carried on very stiff stems 1.00
- Wm. Slocombe (Decorative)** Novelty 1919. A fine large flower, well formed of a beautiful shade of canary yellow, shading to deep yellow towards the center. An exceptionally fine flower, carried on long stiff stems, well above the foliage 2.00

DECORATIVE DAHLIAS

ORIGINATED BY JOHN H. SLOCOMBE

The following are all distinct, and wonderful creations of this truly beautiful type of Dahlia.

- Dr. Frank H. Whittemore.** Large globular flowers of a beautiful soft pink carried on long stiff stems, very free flowering and a good grower 2.00
- Elizabeth B. Gribbel (Decorative)** (No. 208) Novelty 1920. Of fine form and size, buff yellow overlaid and suffused with coppery bronze, exceptionally free flowering, ideal for garden decoration and cutting 2.00
- Emma Brighton (Decorative)** (218). Large flower of perfect form freely produced on long stiff stems, deep primrose yellow suffused with delicate tintings of amber and gold overlaid with a beautiful silvery sheen. Admired and highly commented on by all growers and experts during the past season. A novelty of exceptional merit 5.00
- Enchantress.** Yellow ground, suffused salmon pink, shading to a soft rose at the edge of the petals. A most pleasing color and a variety that is bound to become popular 1.00
- Gladness** (No. 23). A finely formed flower, bronzy yellow, the entire flower suffused with a beautiful shade of pale yellow and coral pink, giving the whole flower an almost indescribable softness of color. This variety is bound to become popular as the color combination is so unusual and attractive 2.00
- Glory of New Haven.** Large flower with beautiful broad twisting petals which makes this variety unusually attractive, exceptionally free. The flowers a clear lavender pink distinctly veined deeper lavender, produced on long stiff stems, an ideal cut flower and exhibition variety 2.00

- Isabel Roberts.** A large flower carried on long stiff stems of an intense velvety-red, a good grower and very free, a most useful variety for garden decoration 2.00
- Maiden's Blush.** Novelty 1919. An attractive flower, a beautiful combination of white overlaid with soft pink, an ideal variety both for cut flowers and garden decoration 1.50
- Mrs. Robert Bell** (No. 233). Very large flowers on long stems carried well above the foliage, of a pretty shade of bronzy yellow changing to a deep yellow towards the center, the outer petals overlaid with a beautiful silvery sheen, an ideal exhibition variety 5.00
- Margaret Bonnell** (No. 27). An exceptionally large flower, well formed and very free flowering, reddish bronze overlaid and suffused with buff and coppery bronze. A most unique color combination, ideal for exhibition 5.00
- Amanda M. Houghton**, No. 61. Exceptionally large full flower of perfect form, lilac pink changing to a soft pink towards the center, the center petals fading almost to a pure white, are prettily tipped and suffused rose pink, the flowers carried on long stiff stems, ideal for exhibition 5.00
- Mary Mitchell (Decorative).** An ideal variety for commercial growers for cut flowers, medium size flower, carried on long stiff stems, of an unusual color, which certainly will appeal to all lovers of Dahlias. The ground color is of an exquisite shade of terra cotta suffused with a warm shade of red and bronze 2.00
- Mrs. Addison S. Pratt.** An unusually large flower carried on long stiff stems, the color a beautiful combination of delicate buff, suffused with coppery bronze, the petals so twisted make the whole flower very attractive 1.00
- Mrs. A. Yates.** A strong, good grower, and free bloomer, color burnt orange. A most useful cut flower50
- Mrs. I. C. Moran.** Large flowers, pure white, distinctly suffused and tipped with pink, exceptionally fine grower, very free flowering and an ideal garden or exhibition variety 1.00
- Mrs. John L. Emerson.** Well formed flower, the ground color a warm shade of red and gold, the petals distinctly edged and striped with gold, an effective and rich combination of color, very free, an ideal Dahlia for garden decoration 1.00
- Mrs. Wm. J. Rowe.** Very large, but graceful flower, a beautiful combination of amber shading to clear yellow in the center, very free, a most useful variety for garden or exhibition ... 2.00
- Mrs. Wm. Roberts.** Flowers medium size, pure white distinctly tipped mauve, the outer petals suffused mauve, a most useful garden variety, good grower and very free flowering 1.00

- Pride of New Haven.** An exceptionally well-built flower, very full, the center of the flower is a coppery bronze shading to a beautiful amber, suffused and tipped pale pink, large and very free. Awarded a Certificate of Merit 1.00
- Purity.** Large pure white flowers, carried on long stiff stems, exceptionally free flowering, a fine variety and a grand cut flower50
- Rev. Wm. Roberts, Novelty.** A surpassing, beautiful and perfect variety, fine well formed flowers, carried on long stiff stems, and exceptionally free flowering. The color is most exquisite and unusual. The ground color is reddish bronze, the entire flower suffused with a beautiful shade of burnt orange, giving the whole flower a glow and softness of color difficult to describe 5.00
- Rev. Roy M. Houghton (No. 232).** Of perfect form, large flowers of an exquisite shade of delicate salmon pink overlaid with buff, giving the entire flower an indescribable glow and softness of color: Has attracted a great deal of attention by all visitors to our gardens; this variety is bound to become popular on account of the unusual color combination 5.00
- Sulphur King.** This is considered to be the best yellow cut flower in the market today. Blooms, five to six inches, always full to the center, on stems two feet long, a wonderful good keeper. Awarded a Certificate of Merit75
- Sunbeam.** A flower of very refined form. Bright red, faintly striped with gold, the pointed and twisted tips of the petals touched with gold, make this variety distinct and attractive. A wonderful combination of color. This variety was greatly admired by all visitors who saw it growing last season 1.00
- Vera King.** Novelty 1919. Large pure white flowers, petals prettily waved and carried on long stiff stems, exceptionally free flowering 1.50
- White Excelsior.** A very fine white, and is just what its name implies. I grow this Dahlia for the cut flower market on account of its unusually free flowering qualities, splendid for garden decoration. Awarded a Certificate of Merit 1.00
- Wm. Hendrick.** Novelty 1919. An ideal garden variety exceptionally free flowering, the plant throughout the whole season being a mass of flowers of a soft shade of sulphury-yellow, the flowers carried on long stiff stems, make this a most useful cut flower variety 1.00
- Yellow King.** An unusually large flower of a pure bright yellow, very rich in color, freely produced on long stiff stems, ideal for cutting50

CACTUS DAHLIAS
